DAFNE

Design **Francesco Geraci**

IN&OUT

art. 154

DAFNE

Dall'alchimia tra progettualità e funzionalità nasce Dafne. Sofisticata e armoniosa, la nuova poltroncina di Metalmobil sintetizza nelle sue linee storia e cultura del design italiano, esprimendo uno stile senza tempo. La scocca è l'elemento che più caratterizza il progetto: realizzata in tecnopolimero composito multistrato a densità variabile, si inserisce perfettamente nelle tendenze contemporanee.

Le ampie aperture determinano trasparenza e leggerezza, conferendo alla seduta equilibrio e un forte carattere formale; la morbidezza delle linee si giustappone alle geometrie delle basi in acciaio, sempre ariose ed eleganti sia in configurazione statica, nei telai a 4 gambe, a slitta o a traliccio, sia dinamica, nella soluzione girevole con basamento centrale.

L'aspetto quasi immateriale accomuna le varie declinazioni di Dafne, la poltroncina per contract pensata per arredare gli ambienti interni ed esterni più vari.

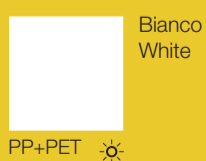

Scocca:
PP+PET (polipropilene + polietilene tereftalato), tecnopolimero composito multistrato a densità variabile.
Telaio: acciaio

DAFNE

DAFNE was born of the alchemy between planning quality and functionality. Sophisticated and proportioned, the lines of Metalmobil's small, new armchair are a perfect synthesis of the history and culture of Italian design and flawlessly express a timeless style. The frame of the armchair is the hallmark of the project. Made using a composite technopolymer of different thicknesses, it is perfectly in line with contemporary trends. Its wide openings provide transparency and lightness, endowing the seat with balance as well as a strong, formal spirit. The softness of its lines is juxtaposed against the geometry of its bases, which are always airy and elegant, both in their static - 4-legged, with sled or trellis frames - and dynamic configurations - as swivel chairs with a central base.

All of the versions share an, almost immaterial, look. Dafne, the small, contract armchair designed to furnish a wide range of indoor and outdoor settings.

Shell:
PP+PET (polypropylene+terephthalate polyethylene, multi-layer variable density man-made composite polymer)
Frame: Steel

ECHO

La gamma Echo, la seduta piacevolmente versatile e confortevole nata sotto il segno della leggerezza e della semplicità, ideale per arredamenti interni e in esterno, si arricchisce di nuove versioni. Dopo l'esordio con il tradizionale telaio a 4 gambe impilabile, arriva una versione dalle dimensioni più contenute (non impilabile), un telaio a slitta di grande tendenza e l'elegante versione con basamento centrale girevole. Completano la gamma i due sgabelli, con telaio a 4 gambe e girevole.

Scocca: PP+PET (polipropilene + polietilene tereftalato, tecnopolimero composito multistrato a densità variabile)

Telaio: Acciaio

ECHO

The Echo range, the pleasantly versatile, comfortable chair created to be light and simple, ideal for indoors and outdoors, now has new versions. Following its debut with a traditional 4-legged, stackable frame, a new version is now available with smaller dimensions (not stackable) and a very trendy sled frame, in addition to an elegant version with a central, swivel base. Two stools complete the range: a swivel stool and one with a 4-legged frame.

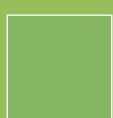

Shell: PP+PET (polypropylene+terephthalate polyethylene, multi-layer variable density man-made composite polymer)

Frame: Steel

Duo

Design **Bertoli & Pajetta**

art. 140

IN ONLY

DUO

Duo si distingue per le sue linee eleganti, tanto semplici nella percezione d'insieme quanto ricercate nello studio progettuale. Seduta raffinata, di gusto contemporaneo, abbina due materiali come l'acciaio e il legno, insieme capaci di donare a un oggetto di design minimalista un'anima calda e una personalità versatile.

Sedile e schienale: legno
Telaio: Acciaio

DUO

Duo is characterised by its elegant lines, as simple in its overall perception as it is sophisticated in the project design. An elegant, modern chair, made from two materials: steel and wood, that when combined provide a minimalist style object with a warm heart and a versatile personality.

Seat and back: wood
Frame: steel

PUNTO

Sofisticata senza eccedere, razionale, tradizionale ma dal design contemporaneo: sono queste le caratteristiche che determinano sedia, poltroncina, sgabello e modulo componibile Punto. Una collezione compatta nelle superfici e nei volumi, che vuole essere una rilettura attenta e rispettosa dei piccoli imbottiti.

Il fascino immutabile del legno, l'alto valore concettuale e un design fresco danno identità a un progetto che nasce dalla memoria del tempo. Un elementare panchetto, rivestito nella seduta con ampia imbottitura, genera un volume compatto; i bottoni creano movimento, interrompendo la linearità nella superficie in una reminiscenza di capitonné. L'innesto degli schienali offre l'opportunità di creare forme e situazioni diverse, consentendo a Punto molteplici configurazioni che la rendono particolarmente attraente anche per il contract.

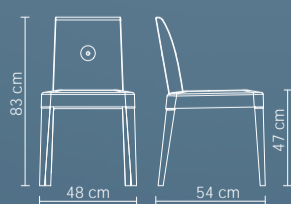

Sedile e schienale: tessuto
Telaio: legno

PUNTO

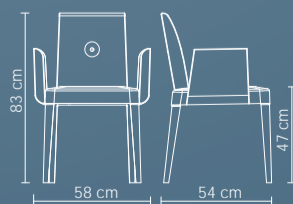

Sophisticated without excess, rational and traditional, but with a contemporary design. This is what defines Punto chairs, armchairs, stools, and sectional modules. A collection with compact surfaces and volumes that strives to be a careful and respectful new interpretation of small, padded furniture.

The unalterable charm of wood, its high conceptual value, and fresh design endow the project with an identity that is born of the memory of time. An elementary stool, with ample padding on its seat, creates a compact volume. The buttons bestow it with movement, interrupting the linearity of its surface with an echo of capitonné. The joint of the backrests provides an opportunity to create different shapes and situations, allowing Punto multiple configurations, which make it particularly attractive for contracts as well.

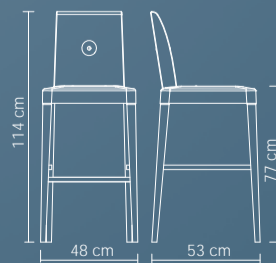

Seat and back: fabric
Frame: wood

Abaco

Design **Metalmobil Concept**

ABACO

Abaco è il sistema di sedute multiple imbottite in grado di lasciare un'impronta dominante nella scenografia di un ambiente, così come di calarsi con classe nel ruolo di versatile complemento d'arredo. Pouf, panche di diverse lunghezze, angoli e rivestimenti per le pareti sono gli elementi di un abaco contemporaneo al servizio del design e della creatività, dove la ricercatezza dei particolari, lo sviluppo verticale degli schienali e la solidità dei componenti si conciliano perfettamente con la possibilità di creare composizioni diverse e di modificarle facilmente.

Sedile e schienale: tessuto
Telaio: acciaio

ABACO

Abaco is a padded, multiple seating system that assertively makes its mark on any room and tastefully plays the role of a versatile furnishing. Poufs, benches of different lengths, corners, and wall coverings are just some of the elements that endow Abaco with its modern design and creativity. Its elegant details, the vertical height of its backrests, and the solidity of each component are the perfect solution to create diverse, easily modifiable, compositions.

Seat and back: fabric
Frame: steel
